

MENCKE

“Modern Genes”

Shorthorn-Polled Shorthorn

PRODUCTION SALE

DECEMBER 4, 1971

WELLS COMMISSION CO.

FREMONT, NEBRASKA

OUR VETERINARIAN SAYS —

"I have been servicing the Mencke Shorthorn herd for several years and can verify that the health of this herd is excellent.

"Good management and preventive medicine come first. All animals offered will be Bang's tested, or vaccinated, and TB tested. Interstate health charts will be furnished and this sale offering will be eligible to travel anywhere."

Doctors Thone and Stresemann
Blair, Nebraska

MENCKE OFFERS —

- Semen privilege on any Mencke sire to any 4-H or FFA buyer who purchases a heifer in this sale. Members of the American Junior Shorthorn Ass'n will receive a \$5.00 discount on each lot purchased. Membership number must be furnished to the clerk. A membership can be purchased from the sale clerk prior to the sale.
- **FREE DELIVERY** up to 250 miles to any buyer of five, or more, lots at his convenience.

WHAT AN OPPORTUNITY!

It is easy to be enthusiastic about this "Modern Genes" offering. Not only does this sale contain outstanding individuals... in fact, the calves might be the BEST offered in any sale in North America this year... but the pedigrees are rich in improving blood. There will be a number of great young bull calves that we predict will be reputation sires.

Equally impressive are the sires represented with calves in dam. Kinnaber Leader 9th x (Big Gene); Pleasant Dawn Seal 2nd x, the sire of Tank, the 1970 International, American Royal and 1971 National Western grand champion; LR Randolph 14th, one of the most talked-about bulls in North America; and Ball Dee Perfect Count x, the 2,620-lb. outcross bull. The Midwest has seldom, if ever, had an opportunity to buy this kind of improving blood in ONE sale.

Darlow Mencke is a cowman in every sense of the word. This is evident in the quality and condition of this offering. And even more important, Darlow is a visionary. He has religiously studied the pedigrees of today's bigger, stretchier, better-muscled Shorthorns and Polled Shorthorns and has successfully incorporated much of this blood into this offering.

THERE MAY BE HIGHER AVERAGING SALES THIS YEAR, BUT WE DOUBT THAT ANY SALE WILL BE OFFERING MORE OF THE RIGHT KIND.

Won't you be with us sale day and see for yourself?

BILL STUNKEL
Sale Manager

Pictured is Queen Margaret 8th of KC, 1968 International grand champion, as she looked at the Mencke farm this fall. The white calf by TPS Coronet Leader 21st x sells in this sale as Lot 1. Just a sample of the rich breeding and quality being offered.

SOCIAL HOUR AND DINNER

Everyone is invited to a social hour beginning at 6:00 p.m. December 3rd, at Valley View Country Club located about 3 miles south of Fremont on Highway 109. Ask for the Mencke party. Dinner will follow. Stay after the party and enjoy the big-name entertainment featured at Valley View for the cost of a modest-priced drink or two.

GENERAL SALE INFORMATION

TIME — Saturday, December 4, 1971. Sale will start at 12:30 p.m.

PLACE — Wells Commission Co., Fremont, Nebr. Located at 500 South Main. Turn on Main street and go south across the tracks. Barn located right at curve. If coming from the south on Hwy. 77, turn east on Washington street to Main.

TRANSPORTATION — We will be glad to meet any planes at Eppley Field, Omaha, if notified in advance.

SALE HEADQUARTERS — There are many good motels in Fremont. We suggest the Modern-Aire Motel (Best Western) on the east edge of town on Hwy. 30. The Holiday Inn, Erin Landmark or Erin Manor also have excellent rooms. Phone number at Modern-Aire (A.C. 402 721-2713). We will be happy to make reservations for you.

DINNER — A social hour and dinner will be held at the Fremont Golf Club the evening of December 3rd. Social hour begins at 6:00 p.m.

TERMS — The terms of this sale are cash.

GUARANTEE — All cattle will sell under the Standard Guarantee endorsed by the American Shorthorn Association found elsewhere in this catalog. Certificate of registry will be transferred to the buyer of each lot.

PREGNANCY CHECKED — All cows in calf 90 days will have been pregnancy checked by sale day.

HEALTH — Official vaccination for Bangs disease has been practiced. T.B. and Bangs test will be furnished on every animal sold and official vaccination certificates with all females under 24 months of age. Every lot will comply with the health regulations into any state which they may go.

Each animal will be at purchaser's risk as soon as bid off.

Announcements from the auction block will take precedence over printed matter in the catalog.

LIABILITY — We shall not be liable for any accidents that may occur, but will make every effort to provide for the safety and comfort of those attending. Accidents at cattle sales are rare, but all attending must do so at their own risk. The guarantee and terms shall constitute a contract between the buyer and seller of each lot. The sale manager was retained for specific tasks promotional and clerical and has nothing to do with the handling of the cattle or the condition of the premises. Neither the sale manager, clerk, nor auctioneers can assume any liability.

LUNCH — Available at the sale barn.

AUCTIONEER — Dick Kane, Wisner, Nebr. Phone 402-529-6785.

MAIL BIDS — Mail bids can be sent to C. D. Swaffar, Ted Aegerter, Sherman Berg or Bill Stunkel at the American Shorthorn Ass'n, 8288 Hascall St., Omaha, Nebr. Phone AC 402 393-7200. Darlow Mencke, Blair, Nebr. 402 426-6618. Or to the following ringmen:

Albert Hamann, Rock Rapids, Iowa, representing The Nebraska Farmer

Arch Stone, Wallace's Farmer, Des Moines, Iowa

Gene McDonald, The Shorthorn World, Aurora, Ill. Phone 312 896-8511

On sale day phone the Wells Commission Co., Fremont, Nebr. AC 402 721-5514.

Mencke Shorthorns Welcome You

We bid you a cordial welcome to our second production sale.

We feel we have an excellent offering, capable of making a substantial contribution to the Shorthorn breed. Included is nearly all of our 1971 calf crop, composed of both horned and polled calves. The cows offered are the good, useful, modern type. Many of them are cows from the Cen-K Shorthorn farm which included many females from Cary Colburn's Kar-Barn herd.

Certainly, the feature attraction is the battery of sires whose services these cows are carrying. Through the use of artificial insemination we had access to a group of top herd sires, the likes of which has never been assembled anywhere. We found it a very exciting challenge deciding with which bull each cow would best cross.

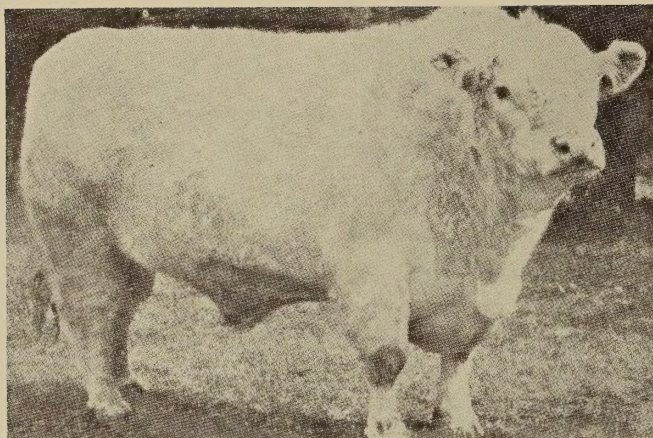

I would truly like to keep every cow and see the results of these matings. Lack of facilities and labor shortage prevent us from wintering and calving this many cows, so we will retain only representative samples of most of the cow families. The rest will be sold, giving others the opportunity to buy offspring of the great bulls of the breed.

Due to the fact that Don Dugdale sold a large group of cattle privately this summer, he is not joining us in this year's sale. In order for us to have adequate numbers to hold a sale ourselves, we have dug deep into the heart of our herd, and are selling cattle we would normally keep.

We hope to see you on, or before, December 4. If we can be of any help sale day, feel free to call on us.

DARLOW MENCKE

TPS CORONET LEADER 21st x

The "Sire Of The Year" and the sire of the 1971 "Sire Of The Year." The progeny of this bull has led the Polled Shorthorn breed in its quest for more size and stretch. Six of his calves sell in this sale as well as a goodly number by his son Butte Lee Leader 73rd x who was bred in the herd of A. E. Philpott, Central Butte, Sask. The "73rd" is one of the 21st's trimmest, most muscular sons and his calves are strong in the Leader traits of growth, ruggedness and trimness.

KINNABER LEADER 9th X "BIG GENE"

This 100 per cent dehorner has proven himself to be one of TPS Coronet Leader 21st's greatest breeding sons. With only a few calves shown in 1970, he sired three All-Americans. He is a full brother to Kinnaber Leader 6th x, the bull that made such an impressive record at M. A. Dregger's, Saskatchewan; Thomas Farms, Manitoba; and Questing Hills, Illinois. He is now owned by Bob Lee, Inc., in Ohio. He has great size, is structurally sound, trim, and has good length traits he passes on to his progeny.

KENMAR RANSOM 32 Z

The supreme champion at the International, American Royal and National Western last season. His sire is Pleasant Dawn Seal 2nd x, who is represented in this sale through his service. Seal is a big bull, weighing over a ton, and his calves are trim and long with good bone and lots of growth.

BALL DEE PERFECT COUNT x

Ball Dee Perfect Count x was selected to represent the Shorthorn breed at the International Cattlemen's Expo in Las Vegas, Nevada, and at the Edmonton Exposition. Visitors acclaimed him to be the biggest, best beef bull they had ever seen. He weighs 2,620 lbs. and is a 100 per cent dehorned. He represents an outcross bloodline for most everyone in the U.S. Over 10 females sell in this sale carrying his service.

LR RANDOLPH 14th

Perhaps the best horned Shorthorn bull in North America today. He is owned jointly by Lovely Ranch, Wilsall, Mont., and Dover Ranch, Billings, Mont. He weighs over a ton and is now in stud at the Prairie Breeders, Billings. He stamps his calves with great size and length which he possesses. His calves are in great demand throughout North America. Several cows sell in this sale mated to him.

REMITALL ELITE MINT 934 A — This bull was purchased in the 1970 Canadian International Bull Sale at Brandon, Manitoba, where he was junior champion. Sired by the \$10,200 Remitall Choice Mint. His dam, by Remitall Hercules, sold in the 1969 Remitall Sale to Hollyshire Shorthorns, Holly, Mich., for \$2,550. He topped our 1970 sale selling to Robert Skinner, Herman, Nebr., and Alvy Schoenherr, Glidden, Iowa. We reserved semen rights and consequently his progeny are a feature of this sale.

A CHALLENGE

It has been predicted that by 1980 the U.S. population will be about 230,000,000 people consuming an average of 120 pounds of beef per person. This will require over 27 billion pounds of beef which is about 42 per cent more than was consumed in the U.S. in 1966.

Our historical dependence on western sources for feeder cattle is changing. New feedlot operations in range areas are now depleting some of the Corn Belt's dependable sources for calves. This means that Grain Belt farmers are going to have to produce more of the feeder cattle required.

Then, too, 70 per cent of the material used for producing beef . . . corn stalks, wheat pasture, beet tops, etc. . . have no higher "use-value" than beef production.

With land values increasing in range areas, the land investment to carry a cow-calf is now cheaper in many sections of the Midwest than it is in more westerly and southwesterly range areas.

This all means a great opportunity for the cow owner in Iowa and Nebraska. The market for beef is growing. We need more farmers producing calves on their marginal acres. Economists predict it will be a paying proposition.

You can buy "extra" profit cows in this sale.

STANDARD GUARANTEE

ENDORSED BY THE AMERICAN SHORTHORN ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any other animal later substituted.
5. In the event an animal is returned by the buyer to the seller as a non-breeder, the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such certificate is required by the seller.
6. All animals are sold to comply with the laws regulating tuberculosis and Bang's disease of the state or country into which they may be shipped.
7. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

LEADER 21st GREAT EVENT x—Here is a calf that we think is really something special. He has been a standout from the day he was born... a good doing, modern calf with lots of eye appeal. His own excellence, in addition to a pedigree second to none, gives him great potential as a herd sire. With a dam that was International champion and a sire that was "Sire Of The Year" in North America, he has every right to be good. Look him over and we think you'll find him deserving of careful consideration as your next herd sire. He will be an asset to any herd. **Retaining 1/3 semen interest.**

Here is Lot 1 as he looked in September with his International grand champion mother, Queen Margaret 8th of KS. Shows a lot of size for a July calf, doesn't he?

**SOME OF THE RICHEST BLOODLINES OF
THE BREED ARE BEING OFFERED IN THIS
SALE.**

This is our Lot 2 bull calf. He is also pictured on the cover of this catalog. We think he is great.

MR. LEADER 21st King x— This has to be one of the top sons ever sired by TPS Coronet Leader 21st x. He has everything desired in a modern calf. His dam is one of the best daughters of Kelburn Great Event and from the highly regarded Daisy cow family at Remitall. She produced a daughter which sold in the 1969 Remitall Sale to Vic Bowman, Oregon City, Oregon, for \$975 and a son which sold at Denver for \$1,075 at less than a year of age. Out of such a consistently top-producing cow and a sire with the record of TPS Coronet Leader 21st x, we expected a great calf, and this one fulfills those expectations.

DDM LEADER'S BEAUTY x—Here is your opportunity to buy what is surely one of the best daughters of the "21st." Her dam, one of the top cows in the herd, was the top seller in the 1967 Circle L Herd. She is also the dam of the grand champion and top-selling bull at the 1966 Minnesota State Sale going to Melroe Bros., Cogswell, N.D. at \$950. He, in turn, sired a bull that brought \$1,000 in the 1969 North Dakota State Sale. Her last year's calf sold to Arlan Witte, Scribner, for \$775. With a producing record like that, we expected a lot from her mating to the "21st" and we were not disappointed.

DDM LEADER'S BEAUTY x, Lot 7. A modern calf out of a top producing cow and the great TPS Coronet Leader 21st x.

LOT 8**Female****D D M LEADERS DOROTHY QUEEN 3474-262**

KAR-BURN PRINCESS MARINA 61AC — This cow was the dam of the heifer that was presented to Mary Beth Wilkerson of Iowa for exhibiting the champion breeding heifer at the 1971 Ak-Sar-Ben show. Here is a real top flight cow. Rebred on July 2nd to Orr Lux, the Charolais bull that sired the grand champion steer at the 1969 International.

KAR-BURN LADY GOLDMINE 11th — One of the top two Hickories Ensign daughters in the herd. She had a real good bull calf which we sold privately during the summer. Bred to **LR Randolph 14th** on July 11th. This cow would look good in any herd.

These three cows sell in this sale. In the middle is Lot 42. The cow at right sells as Lot 17. Both are Kar-Burn cows and daughters of Hickories Ensign.

DDM MAUD'S PRINCESS — This is a very large, well-grown heifer. She's the extremely easy keeping kind and should do well for her new owner. These Maud cows are some of our best producers.

Lot 54 in this sale. A real modern heifer that sells open.

WHY BUY SHORTHORNS?

- ★ Shorthorn bulls are active, sure breeders.
- ★ They put more growth into their calf crops.
- ★ Shorthorns are historically known for their faster gaining and finishing ability. The demand for Shorthorn and Shorthorn crossbred feeders far exceeds existing supplies. Consequently, they sell for a premium.
- ★ Shorthorn bulls put more milking ability into their daughters . . . this means heavier weaning weights.
- ★ Shorthorn docility is world famous, making them ideal projects for youngsters.
- ★ Shorthorns eliminate the cancer eye, sunburned and snowburned udder problems.
- ★ Shorthorns are known as "THE GREAT IMPROVERS." Shorthorn crosses have been proven in test after test to be superior to other crossbreds in milking ability, rate of gain and feed efficiency.
- ★ Ask yourself why so many commercial herds are now crossbreeding with Shorthorns? IT'S BECAUSE THEY ARE BEST IN EVERY WEIGH.

LOT 55

Female

D D M AUGUSTA 3474-733

Tattoo RE D160
